

Dynacons wins the Best Partner for Government Business for the Year 2023 from Apple India.

Mumbai, India, February 19, 2024

We are happy to announce that Dynacons Systems & Solutions Ltd has been accorded the prestigious recognition as the **Best Partner Award for Government Business** for the Year 2023, from **Apple India**. The Apple Partner awards recognizes selecting premium partners from all over India for their outstanding performance, their commitment to customer success & satisfaction and focus on excellence.

The award, recognizes Dynacons as a standout partner in leveraging Apple technology to drive positive outcomes in the public sector. This achievement underscores Dynacons dedication to providing cutting-edge solutions that empower government entities to enhance efficiency, productivity, and citizen services. This award is a testimony to Dynacons performance demonstrated educating & implementing the agile technology solutions in Government segment successfully. The commitment to the Customers Technology Excellence and the investments made in certifications, service delivery and customer engagement have made this possible for the Company.

“As the Company celebrates this remarkable achievement, the organization remains steadfast in its dedication to advancing technology solutions for the public sector. The team looks forward to continuing its collaboration with Apple and furthering its commitment to driving positive change and innovation within the public sector,” commented Mr. Manish Patel, Head- Global Business.

About Apple Inc.

Apple Inc is an American Multinational Technology Company headquartered in California. In 2010 Apple unveiled the iPad, a touch-screen device intermediate in size between a laptop computer and a smartphone. Apple in 2011 introduced iCloud, a cloud computing service in which a user’s applications, photographs, documents, calendars, and recently purchased music would be stored in iCloud and automatically updated in the user’s other devices. In 2020, Apple introduced its own microprocessor, the M1, for Macintosh computers, which was one of the fastest microprocessors available.
