

Dynacons wins IT and I.O.T. contract for Disaster Management Department of MCGM, Mumbai.

Mumbai, India, September 14, 2021

Dynacons wins one of the prestigious project of comprehensive Maintenance & Management of Automatic Weather Stations, Flow Level Sensor across the Mumbai City and Development & Maintenance of GMDMA Website, Disaster Management App and Command & Control System for 3 Years for Mumbai City.

We are happy to announce that, Dynacons Systems & Solutions Ltd., has won one of the prestigious e-Governance contract worth **Rs.746 Lakh** for Development & Management of GMDMA Website, Disaster Management App and Command & Control System along with Comprehensive Maintenance of Automatic Weather Stations, Flow Level Sensor from Municipal Corporation of Greater Mumbai.

The project scope includes development, customization & maintenance of Disaster Management Website & Disaster Management App (both in android & IOS) during the entire contract period of 3 years. The automatic Rainfall data collection from all the Weather Stations across Mumbai city & integration with Command & Control System. The real time data will be displayed on DM Website & DM App and publish the civic alerts, news as given from time to time. It also includes development & management of Command & Control System with real time dashboards. The redundant network connectivity from all the Weather stations to Data Centre & Command & Control center must be implemented as part of the project. The support includes 24 x 7 during Monsoon period & 16 hours during non-monsoon period.

The Contract involves capture of real time data using IOT (Internet of Things) sensors and the processing and usage of these data streams for monitoring using dashboards. The implementation of the above system will enable

- Real time civic alerts
- Realtime data availability on the Disaster Management App & website
- Preventive actions to be taken well in time
